"UNCLE SAM"

Uncle Sam is the best debtor on the face of God's earth. He is absolutely solvent. He is the richest thing in the world. But Uncle Sam has to call upon you, his children—you, the people, who really are Uncle Sam. You yourselves make the composite Uncle Sam. When you see a picture of him, a splendid heroic figure who embodies and represents and visualises the strength of America, the benignity of America, the determination of America, you make that picture—every lineament, every hair upon his head, every fringe upon his brow, the color in his eyes, the strength in his mouth, the power of his hands. His ideals are made by the composite American people. He is you and you must keep him supplied with the necessary means to protect your property, your lives, and your liberties.

GIVEN BED IN TROPICO JAIL

Leo Fountain, a young man who was found sleeping on the platform of the Southern Pacific station, was given a more comfortable bed in the Tropico jail. After a good night's rest he resumed his journey.

L. A. MAN DISAPPEARS—COAT IS FOUND IN GLENDALE

The finding of a blue coat in the Verdugo wash Sunday by A. W. Reynolds of 1501 Gilbert street, resulted in a man hunt which is perplexing the police of three cities.

The coat has been identified as the property of W. L. St. John, aged 35, a postoffice employee of Los Angeles, who has been missing since last Friday. All efforts to ascertain his whereabouts, following an appeal to the local authorities by his sister-in-law, Mrs. C. St. John of 218 N. Fremont street, Los Angeles, have failed.

When he disappeared Mr. St. John had less than a dollar in his pocket. He wore a blue suit, and probably a gray sweater, he was bald and had blue eyes. For several days previous to his mysterious disappearance he had been remorseful, and his relatives were contemplating his removal to a sanitarium.

Glendale and Burbank police who have searched the territory for miles about the place where the coat was found have been unable to locate the missing man. The local officer who investigated the finding of the coat discovered a paper bag from which he had evidently eaten lunch. It contained an apple core and some crumbs. No other clue has been found.

ANOTHER ELECTION

Will some wise politician arise and tell us why it was necessary to have two elections, one to vote on bonds for the water system, and then one to vote on bonds for the electric system? Double the expense and who gets the benefit?

ANENT THAT ENDORSING PETITION

In a recent issue of one of our city papers appeared an article followed by a long list of names, purporting to favor a certain list of candidates to be voted for at our coming city election:—namely:

Thompson and Shaw for City Trustees, Sherer for Clerk and Stauffacher for Treasurer.

The article in question had all the "ear-marks" of the "gum-shoe politician" and indicated a desire on some one's part, to make out a ticket, to show the ignorant and uninformed how to vote.

One of our business men, whose name appeared on the paper, was asked, who circulated it, and replied after giving the desired information, that he understood he was signing a paper recommending only one man for an office, while now, he is made to endorse or recommend an entire ticket.

How many more of these signers were so misinformed, deponent sayeth not, but it only shows how far some persons will go and how easy it is to get names to any kind of a paper, and of how little value, such a paper really is, after it is obtained.

It is a foregone conclusion that at least nine-tenths of those whose names appeared on that paper, will not vote the entire ticket so forced upon them.

The intelligent voter will repudiate such attempts to lead him to vote any certain ticket and his sympathies and vote will be more apt to go to that candidate who does not attempt to get into office by the "combine" principle.

Tropico has three candidates for city offices, all good men and true. Why and with what authority is one picked out, and WHO did the picking?

SUCCESS

"Know the Success Family.

The father of Success is Work.

The mother of Sucess is Ambition.

The oldest son is Common Sense.

Some of the other boys are Perseverance, Honesty, Thoroughness, Foresight, Enthusiasm and Co-operation.

The oldest daughter is Character.

Some of her sisters are Cheerfulness, Loyalty, Courtesy, Care, Economy, Sincerity and Harmony.

The baby is Opportunity.

Get well acquainted with the "old man" and you will be able to get along pretty well with all the rest of the family."

On direct orders from the United States Food Administration at Washington, the food conservation program for California was revised and modified as follows:

"Porkless" Saturdays eliminated for a period of ninety days. Hereafter all pork products may be consumed by the public, served in public eating places, such as clubs, hotels and restaurants, and sold by butchers, grocers and trades handling it, on Saturdays.

"Porkless" Tuesdays will be observed as in the past with modifications. Pork to be conserved under the new definition for the next ninety days means ham, bacon and lard and other cured pork products only. Fresh pork, sausage and trimmings may be sold and consumed as desired on Tuesdays.

All restrictions on the consumption of mutton and lamb have been removed in California temporarily.

The observance of one Meatless and one Porkless meal each day has been suspended indefinitly.

The new rulings were made primarily because of a present adequate supply of meats and fresh pork products for shipment to the Allies; to encourage increased hog production in California and in order that the conservation program for the present could be concentrated on saving of wheat products. The wheat saving remains unchanged. Mondays and Wednesdays to be wheatless, with at least one wheatless meal, the evening meal, each of the other days.

It is probable that the former meatless Tuesdays in California will not be restored beginning March 13, as had been planned. Definite decision on this point will be announced later.

The sugar saving program remains unchanged.

By the Light of the Moon.

The phrase "the light of the moon" is an indefinite one, not used by scientists and used by others in a mistaken and misleading sense. The moon has no light of its own, and the only light that comes from it is the reflected light of the sun, without any warmth or life giving quality or any effect on vegetation. As loosely used by many persons, the expression "light of the moon" means a few nights in each month preceding and a few nights following full moon. Many persons think this "light of the moon" period has an important bearing on seed germination and plant growth, but that is a mistake.—Detroit Free Press.

A LETTER FROM J. V. GRIFFIN

March 7th, 1918.

Editor of the Tropico Herald,
Glendale, Cal.

Dear Sir:

In announcing my candidacy for the office of City Clerk of the City of Glendale, I wish, through the medium of your paper, to lay before the voters my reasons for so doing.

I have been a resident and taxpayer of the cities of Glendale and Tropico for the past ten years and my work along lines of civic betterment and public welfare have given me a clear conception of what should be the qualities of an efficient City Clerk. I believe that my dozen years clerical experience, (particularly accounting) in connection with public utilities, large municipal and govermental projects, construction companies, etc., would at this time be of peculiar advantage to the city, as well as the purely local experience gained through the many secretarial offices which I have held in Civic and patriotic associations in this community.

I am an independent candidate and do not owe allegiance to any particular individual or faction, and, if elected, will endeavor to efficiently serve and promote the interests of the whole city of Glendale.

Yours very truly,
(signed) JOSEPH V. GRIFFIN.

AUTO BURNS AT MONTROSE—THIEVES TAKE TIRES

An automobile belonging to Allin L. Rhodes, 626 South Spring street, Los Angeles, was burned at about 5:30 p. m. Sunday near Montrose. While the car was left standing by the roadside, thieves took two tires and escaped.

The machine caught fire on the county highway between Montrose and La Crescenta. After a fight of several minutes, in which sand was the principal weapon, the blaze was extinguished. Shortly afterwards it was discovered that the tires had been removed.

F. D. SILVIUS ANNOUNCES FOR TRUSTEE

We are glad to call the attention of our readers to the announcement of Frank D. Silvius as a candidate for the office of City Trustee.

Mr. Silvius was a candidate at the election two years ago and polled a large vote, and at the earnest solicitations of his many friends, has finally consented to again enter the lists.

He is especially well fitted for the position, believing that the city's business affairs should be conducted along the same economical lines as a man's personal business. Mr. Silvius is well known in Tropico, having lived on West Park Ave. before moving to his present home on Colorado Boulevard.

HUBBY FAILS TO ARRIVE AT MIDNIGHT—GLENDALE POLICE ASKED TO HUNT

Because her husband failed to arrive before 12:45, Mrs. J. C. Skelley of 2220 Cranshaw boulevard, Los Angeles, asked the Glendale police Saturday evening to institute a search. She declared that the missing man was supposed to have left Hotel Fremont in La Crescenta at 8:30 o'clock and that he ordinarily passed through Glendale on his way home.

Investigation showed that Mr. Skelley had failed to leave the country resort at the usual time, and that he was still safe and sound.

TUESDAY AFTERNOON CLUB TO HAVE RECIPROCITY LUNCHEON

More than one hundred out-of-town guests have been invited to meet with the Tuesday Afternoon Club, Reciprocity Day, March 12th, at the Masonic Temple. There will be a simple mid-day luncheon followed by an informal program at the usual hour of 2:30 o'clock.

It has been decided that the luncheon shall consist of bread and butter sandwiches, fruit salad, cake and a relish of some sort, each member contemplating attendance to furnish sufficient for two—herself and a guest. A committee of four will provide a hot dish of Spanish rice prepared in fireless cookers and the hospitality committee will see to the serving of tea and coffee, also sugar and cream.

It is desired that members get together in pairs and each group of two bring service for four, as follows: four knives and forks, four cups and saucers, four plates, four spoons, four drinking glasses, a luncheon cloth and four napkins, and a small vase for flowers. The Club will furnish the tables and the decoration committee will arrange for the flowers.

To prevent confusion and embarrassment to the guests, members should take "time by the forelock" and be on hand with their supplies at an early hour and have everything in readiness by twelve o'clock.

Owing to the large number expected rom other clubs, club members are requested not to use their individual guest cards on this occasion.

ONE OF THE PIONEERS OF THE VALLEY

Mr J. C. Sherer, whose card appears in the HERALD announcing his intention to stand for re-election as City Clerk of Glendale, is one of the pioneers of the valley, having resided at his present home on Verdugo Road ever since 1883. He has always been active in valley affairs, even before either Glendale or Tropico was in existence. He was school trustee for many years and was one of the organizers of the Verdugo Canyon Water Company and has been a director in that organization, with the exception of two or three years; ever since it came into existence. Mr. Sherer was also one of the incorporators of the Southern California Fruit Exchange and the first secretary of the Semi-Tropic Fruit Exchange which has for many years past handled a large proportion of the orange crop of the San Fernando Valley.

When the City of Glendale was organized in 1906, Mr. Sherer, who was at that time acting as Cashier of the Bank of Glendale, was elected the first treasurer of the City, resigning the position when he became the proprietor of the Glendale News, which he conducted for six years until he sold it to its present proprietor. He was elected Clerk in 1914 and again in 1916 and is now a candidate for third term and his excellent record as an official and a citizen certainly makes him a strong candidate.

Mr. J. C. Sherer came to California in 1875 from Philadelphia and was employed for several years as a telegraph operator by both the Western Union and the Postal Company, working for the former company in Northern California, San Francisco and Los Angeles.

P.-T. A. MEMBERS INSTRUCTED IN WAR COOKERY

Mrs. Jessica Hazzard, Government food expert, was the principal speaker at a meeting of the High School P.-T. A. held Monday. She outlined a kitchen program for the saving of wheat and fats and advised the use of a comewhat increased smount of meat.

The speaker compared our "Victory bread," which is flakey and white, with the war bread of our allies, showing what an insignificant sacrifice we are really making.

Uncle Sam's Postman Has a New Job

He is now also a recruiting officer to enlist the financial support of the youngsters. Let him be your children's adviser in the matter of thrift. Let him show them what it means to substitute interest-bearing Thrift Stamps for the penny savings bank. Let him be the medium to put your children into actual contact with their country's government.

The Thrift Stamp represents to the children what the Liberty Bond represents to adults. The penny embodies war power just as the dollar,—for pennies make dollars. The Thrift Stamp idea is designed to reach those who think in terms of cents. The power of the penny is shown by the fact that the government hopes to raise two billions of dollars from the sale of these stamps.

Thrift Stamps make a reality of the children's patriotism by allowing them to aid the government with money for war purposes. A child's savings may be a means to shortening this war by days, and every day means the redemption of colossal waste.

Thrift Stamps cost 25c each. Books of 16, with a few cents added, are at any time exchangeable for certificates which will be worth $5.00 in 1923. These Stamps are received as payments on Liberty Bonds. You may obtain them at any Post Office, your mail carrier, and at most stores.

U. S. MARINES DELIGHT TINY STAR

Baby Marie Osborne Entertains "First to Fight" Boys While Making Circus Picture

One of the tiniest admirers of the U. S. Marine Corps is Baby Marie Osborne. What she lacks in size, however, she makes up in ardor.

It was love at first sight when she was introduced to the boys who are "First to Fight."

Three seconds later, and she was comfortably nestling in the arms of one, and wearing the cap of another.

The insignia of the U. S. Marine Corps consists of an eagle, anchor and half section of the globe.

When Baby Marie spied the insignia on the cap, she looked at it rather intently for a moment, and then pointing a tiny finger to the globe, asked:

"Where is Glendale?"

This is the little lady's home, and it took considerable eloquence to explain how her city happened to be overlooked on the half-inch map.

The famous "sunshine" smile was gone for a moment, and the little actress on the verge of real tears, when time for leave-taking came But her happiness returned immediately when the Marines promised that they would soon be back for another visit.

The Southwest is doing its share in filling the ranks of the U S. Marine Corps. Enlistments are still being accepted for this desirable branch of the service. Recruiting offices are located in Los Angeles, San Diego, Bakersfield and Phoenix, Ariz.
